Virtual  **Events Series**

Theme-based, Intelligence, Data
2024 Sponsor Deck

Post Pandemic-Shift:

- Business travel costs businesses
 - Labor, Money, Time, Health
- Virtual networking has unlimited reach and is here to stay
 - No geo limitation
 - No time limitation: live and on-demand 24/7
 - No industry limitation
- Days-long virtual conferencing is expensive and exhausting
- Great virtual events require excellent Design of human interactions
(And very few are great...)

3DHEALS Mini Series Format

- Curated 90-minute presentations and conversations from 3-4 Key Opinion Leaders (KOLs)
- Topics based on industry insight, research, and influencer/SEO activities
- Each speaker has 15-20 mins "floor" time, then 5 min QA from moderated audience questions.
- The final 20 minutes are moderated panel discussion with audience engagements throughout the event
- Free live event; On-Demand recording after event
- Content repurposed on our website, podcast, and YouTube channel.

Why 3DHEALS?

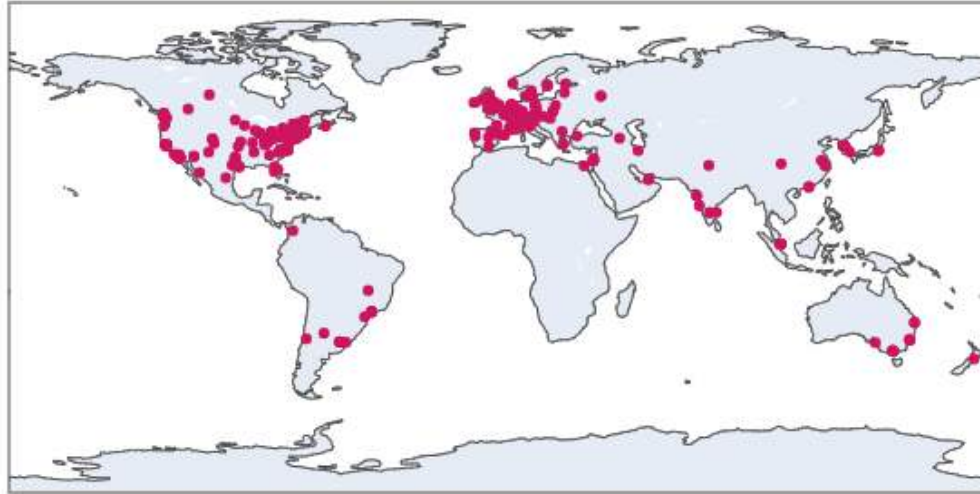

- Seamless Operations
- Cross-sector deep networks in technologies (e.g. 3D Printing, Tissue Engineering/Biotech, Medical Devices, Biopharma), investor communities, and healthcare systems.
- Data-driven events aimed at delivering results:
 - Lead Generation/Audience Engagement
 - Business Intelligence
 - KOL/Talent Search
 - Niche Industry Competitor Landscape
 - Startup Relationship Management: Scouting, Fundraising, Press Release
